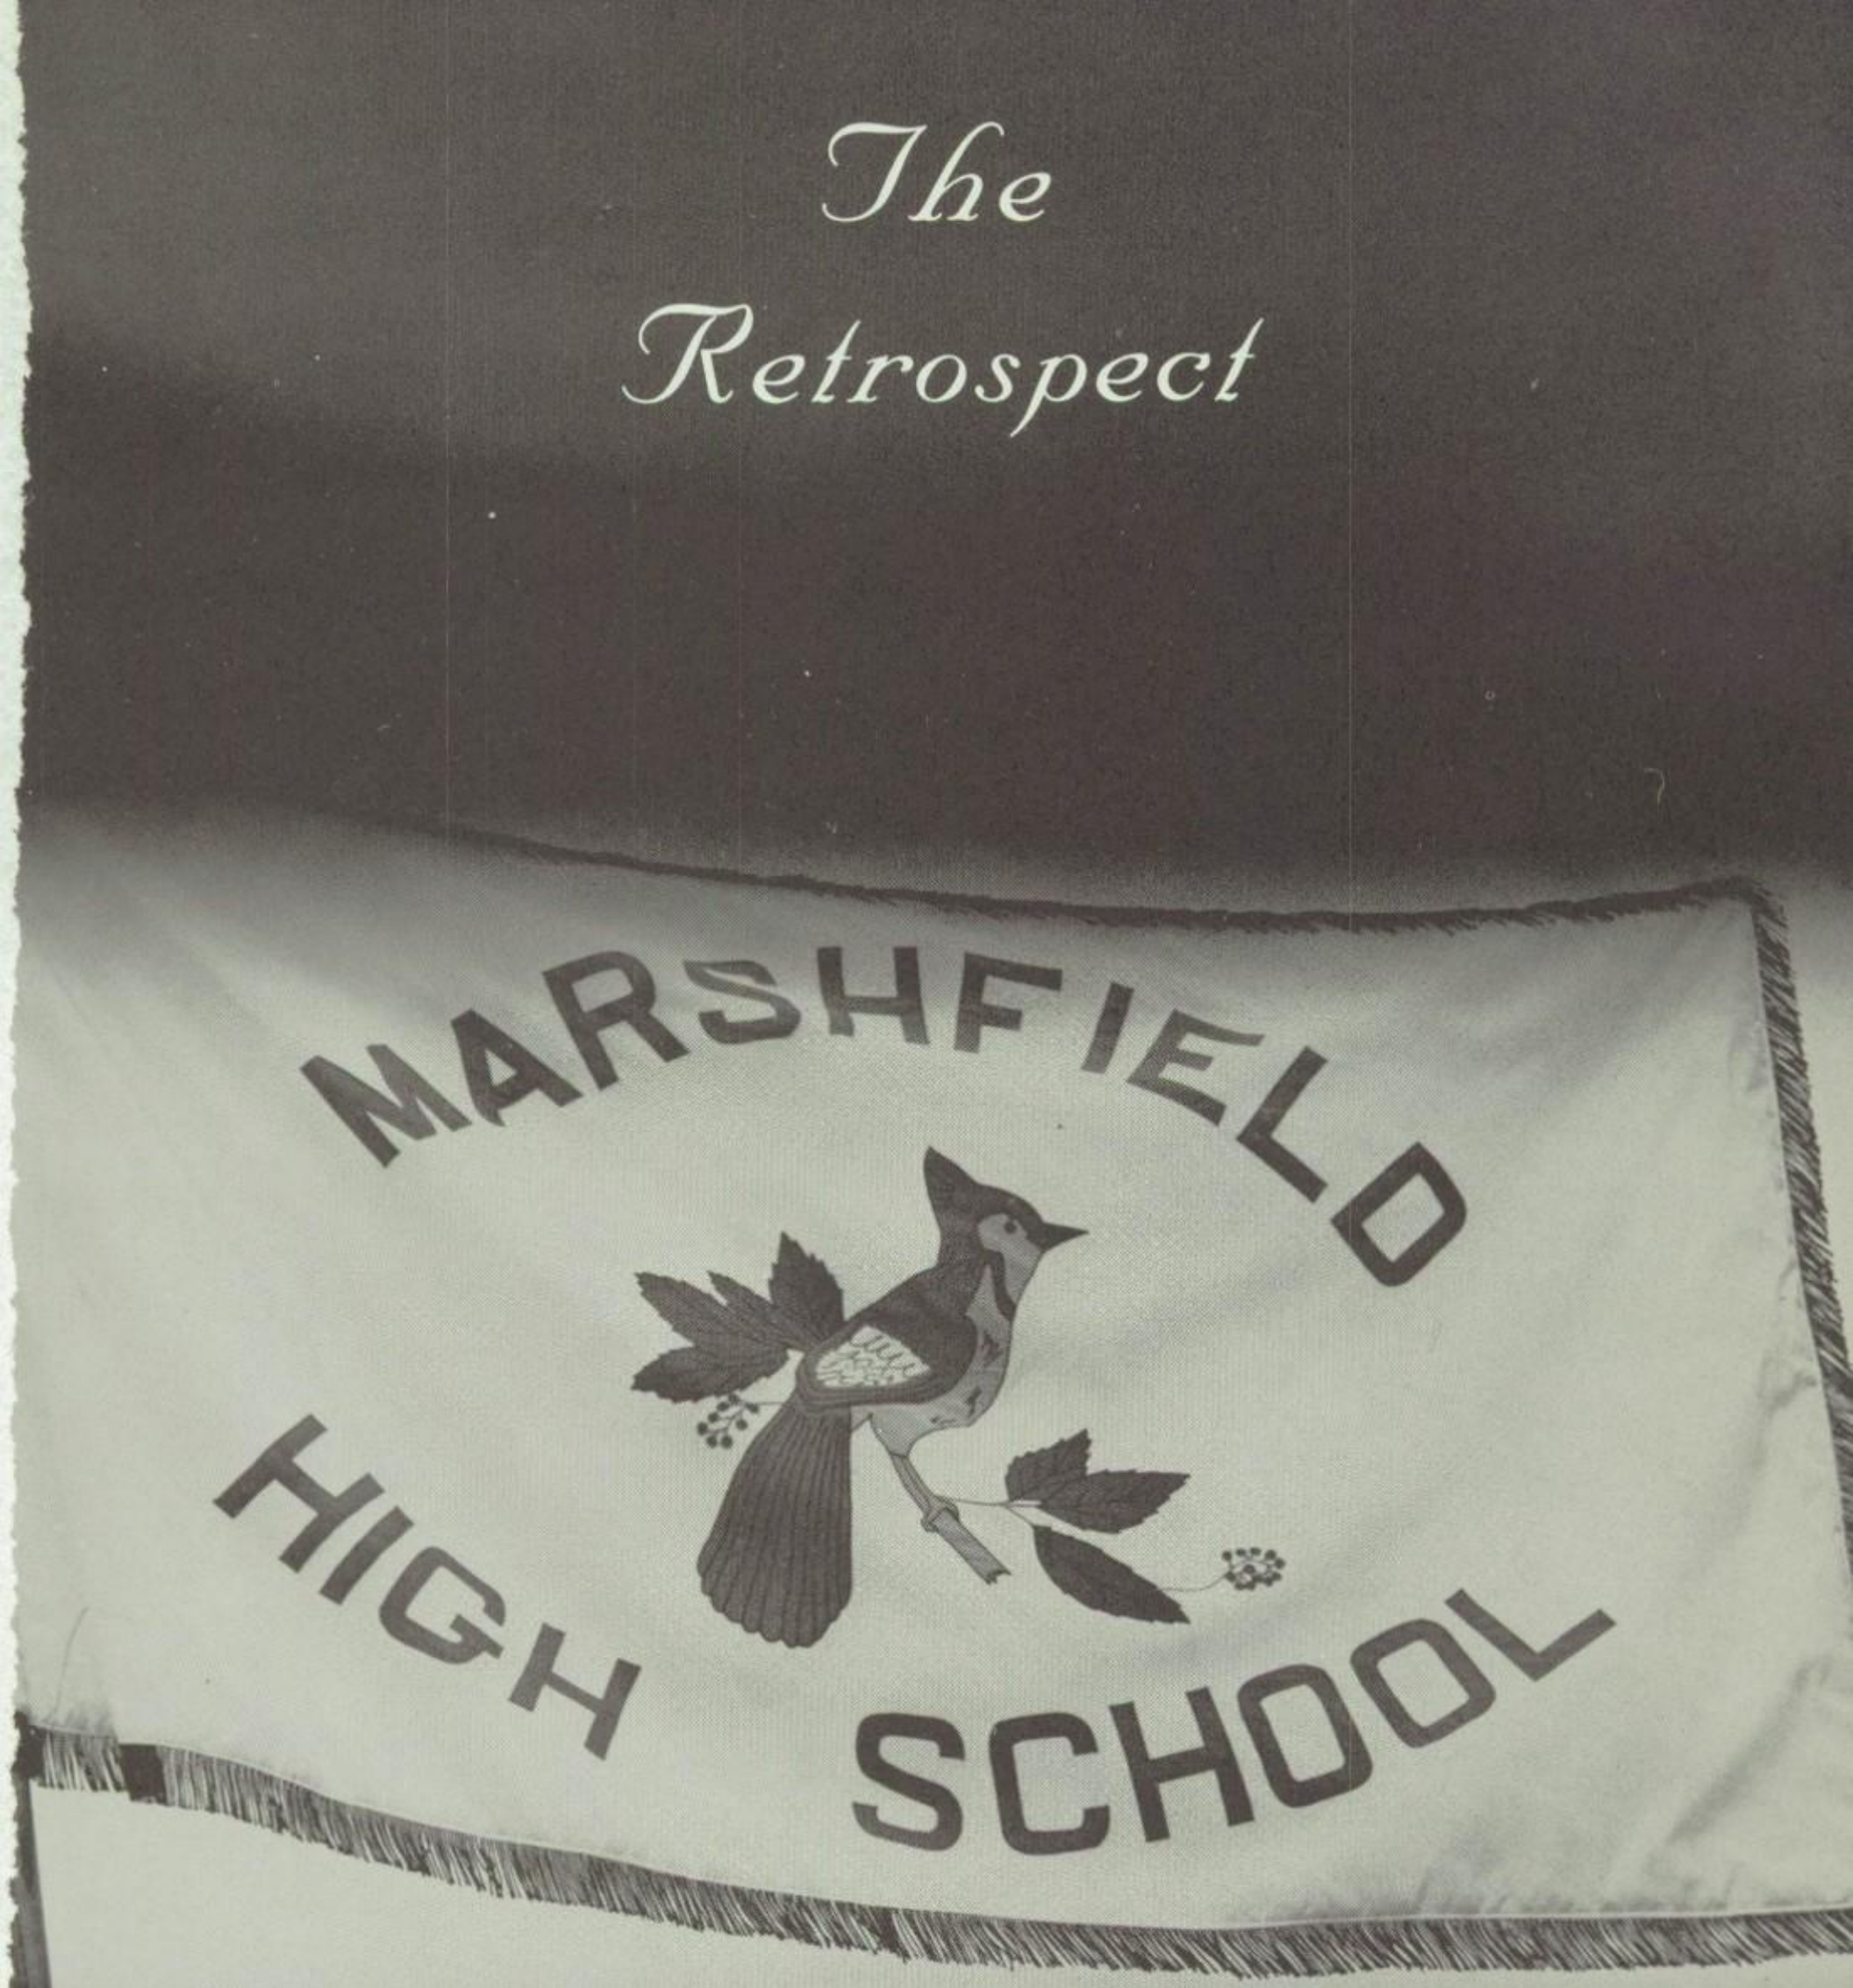
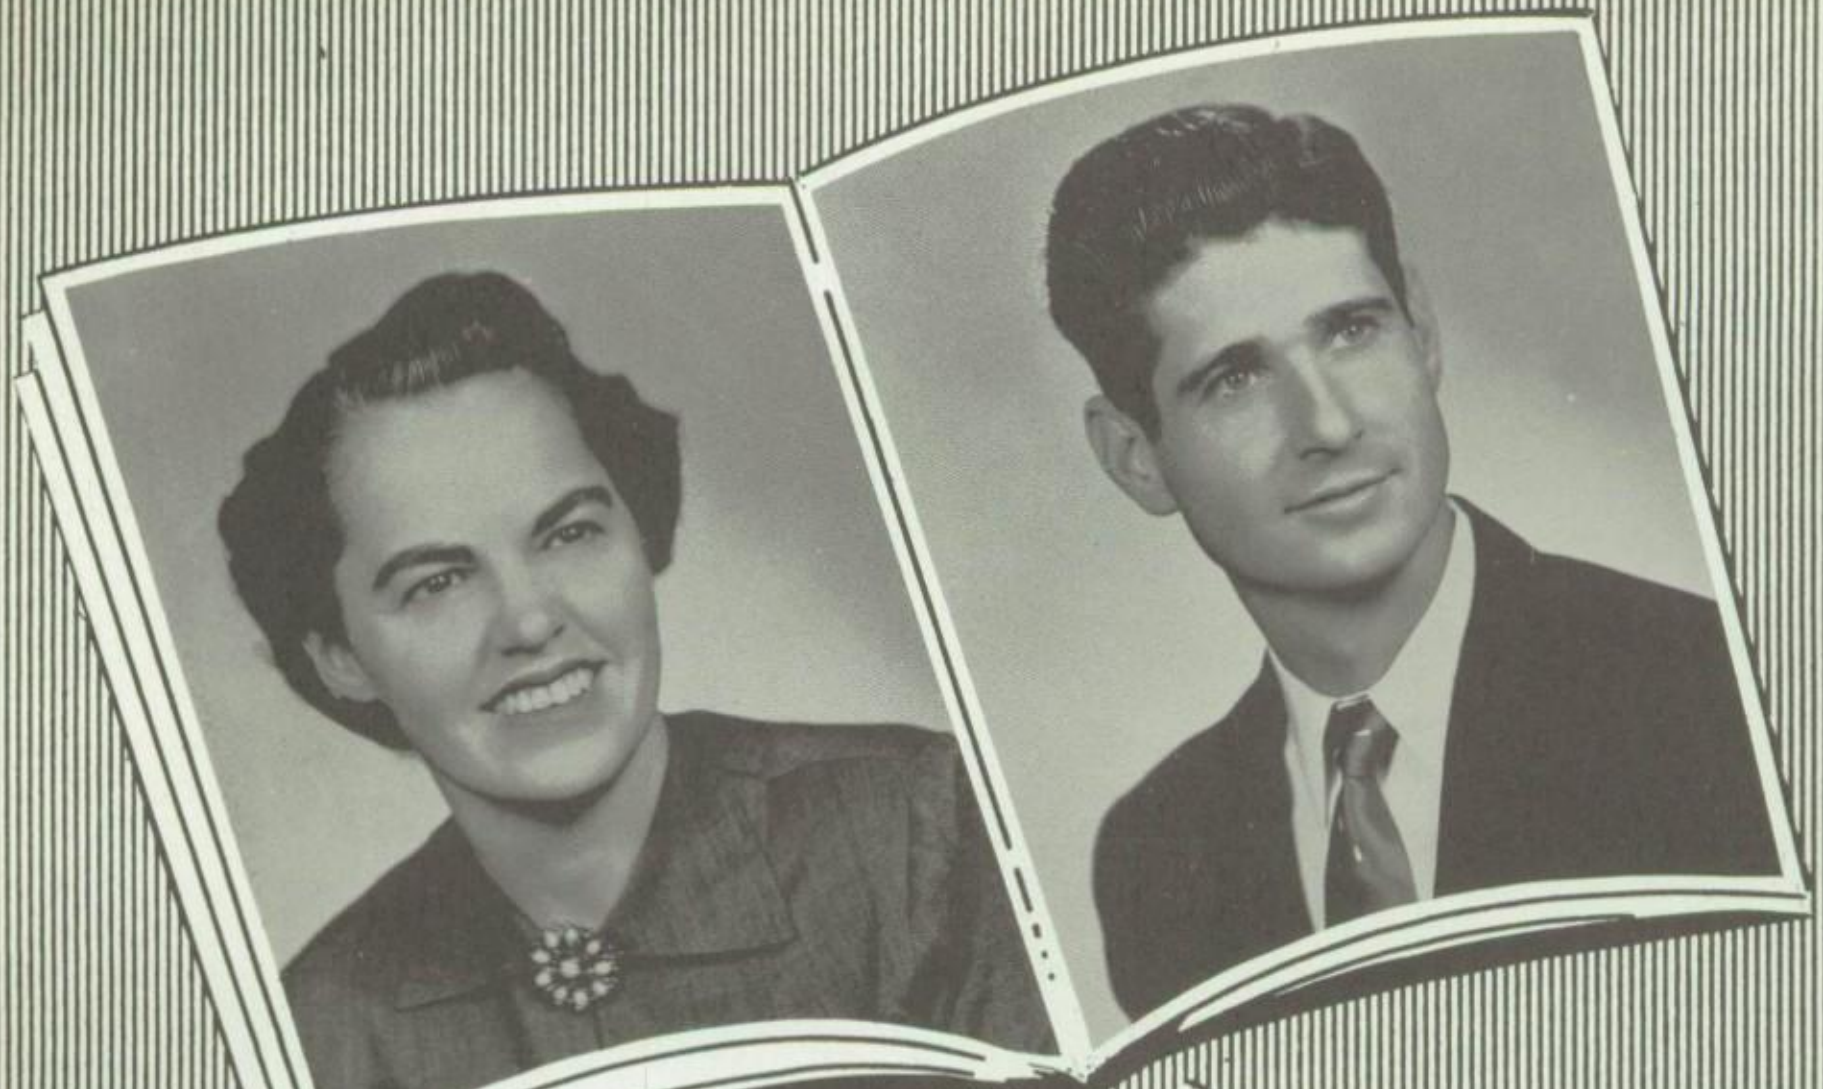
THE RETROSPECT '58

David Walters

The Retrospect



Marshfield High School
Marshfield, Missouri

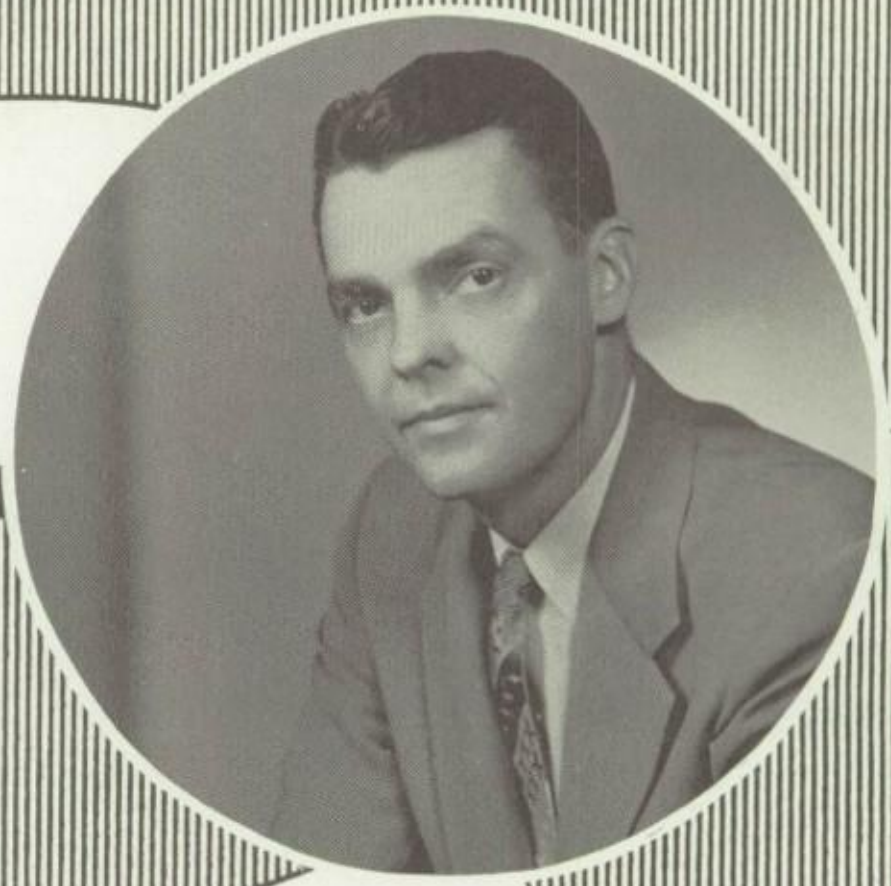


Dedication

We the Seniors of 1958 dedicate this Retrospect to our Class Sponsors, Mrs. Elizabeth Scott and Mr. Audie DeHart. Mrs. Scott has been our sponsor for four years and Mr. DeHart for two years.

We wish to express our gratitude to them, as they have been very faithful in helping us with all our class activities.

Administration



In the light of the present scientific developments unfolding so rapidly before our eyes, there cannot be much significance given to the publication of a school annual for a small mid-western high school. This is true except for the fact that in this publication is to be found the pictorial representation of some of America's future based on the present achievements of the unequaled experiment in public school education for a democracy.

As this yearbook brings forth recollections and memories for its readers let it also represent correctly and factually the attempts of a people to inspire its young with the desire to strive to face the bewildering future with the confidence and courage found in the dreams of youth.

May we read here the challenges that face these young people in such a way as to cause all to want to explore, experiment and solve the next steps to be taken down a sure and steady road of educational progress. The future of this nation as we hope it to be depends on it.
